## Seacan Polymer Injection Tank

### Advantages

- Manifold to control water volumes while mixing
- Steam coils and drain plugs for cold weather operation
- Three injection pumps each powered by a 2hp electric motor with variable speed controls
- Two gear driven agitators each powered by a 2hp electric motor

### Equipment Details

#### Specifications

- Volume: 8m<sup>3</sup>
- Lighting inside and outside, plus 1000 watt light tower lights x 4
- Electric heat for interior and steam coiled tanks
- 208 or 480 volt power requirement
- 25mm injection lines
- 50mm manifold valves
- 9.9'H x 8.4'W x 27'L
- Work bench with vice
